— POWERING AQUACULTURE EXCELLENCE —

Advanced Growth Promoter ~ Gut Health Enhancer ~ Feed Efficiency Improver

DEKA GROW is a premium phytogenic aqua feed supplement developed to support optimum shrimp growth, gut health, feed utilization and overall culture performance. The synergistic blend of phytogenic ingredients, organic acids and digestive support components is designed to improve nutrient digestibility, enhance feed conversion efficiency and support healthy intestinal function throughout the culture cycle.

COMPOSITION

Scientifically formulated blend of:

- Selected Phytogenic Plant Extracts
- Essential Oils
- Organic Acids
- Prebiotic Components
- Digestive Enhancers
- Natural Feed Attractants
- Growth Promoting Factors
- Carrier Base (q.s.)

KEY BENEFITS

- Promotes faster and uniform growth
- Improves Feed Conversion Ratio (FCR)
- Enhances feed intake
- Supports healthy intestinal microflora
- Improves nutrient digestibility
- Supports better survival
- Enhances stress tolerance
- Helps maintain consistent pond performance

RECOMMENDED DOSAGE

From 15 days after stocking. Mix 4-5g of DEKA GROW per kg of feed. Mix thoroughly with a suitable feed binder before application.

DIRECTIONS FOR USE

- ~ Measure the required quantity of feed.
- ~ Mix DEKA GROW with a suitable feed binder.
- ~ Coat uniformly over the feed pellets.
- ~ Shade dry for 15-20 minutes.
- ~ Feed immediately.

PRESENTATION

500g HDPE round jar.

CAA CERTIFICATION NO:

CAA/JUNE2026/OTHERS/09852

STORAGE

Store below 30°C in a cool, dry place. Protect from direct sunlight. Keep container tightly closed after use. Do not freeze.

Please consult our **Technical Expert** for accurate dosage application (or) Contact Aquaculture Consultant.
